

Pi is Beautiful

By [Rajkishore](#) | Mar 14, 2017

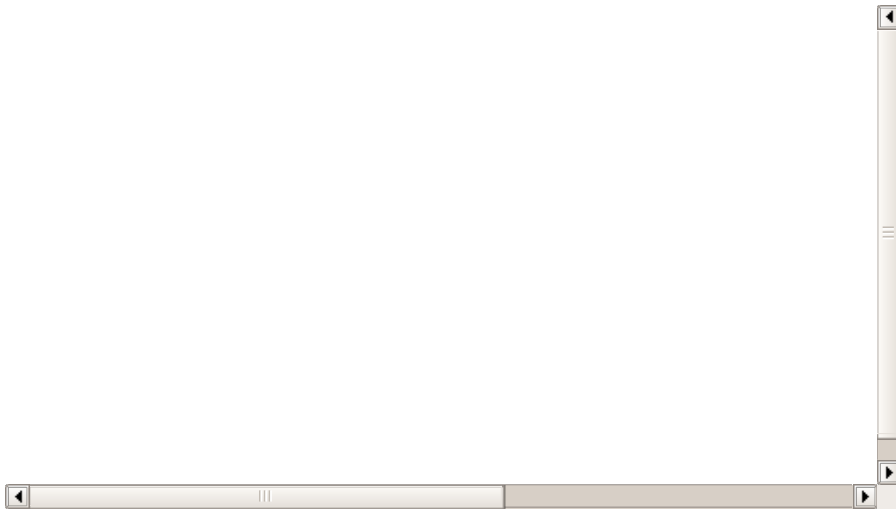

Celebrating Pi day with one more compilation of videos dedicated to it. Prof James Grime features in this Numberphile video titled Pi is beautiful.

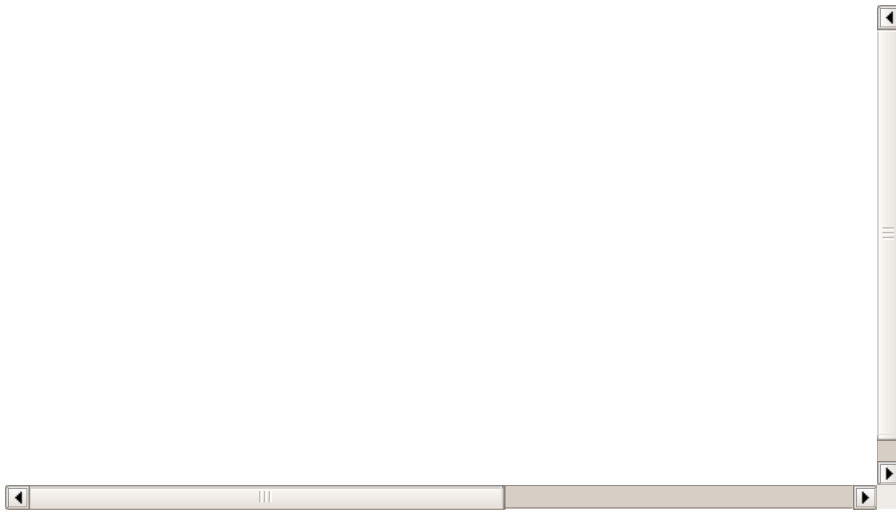

In this video Prof Grime shares a true story madness of how pi was almost certainly changed to 3.2!

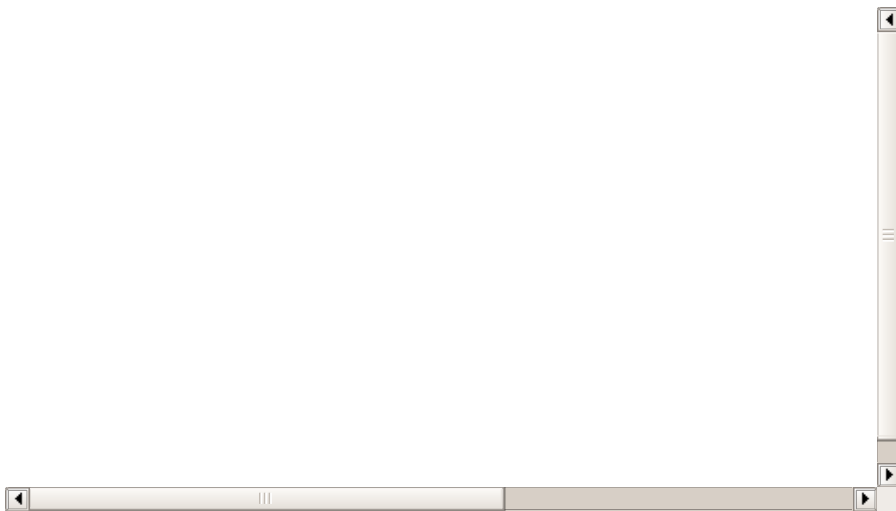

The great Ramanujan invented many formula to generate pi. We are sharing just one.

Enjoy Matt Parker's video of calculating pi with a pendulum.

One more by him, this time weighing a circle!
